Thank you People of Guadalupe County

You have led by good example. You have given your best so your children would do well in life, and they have! I am also a product of your unconditional love and guidance. I will continue to do my best to be a positive role model and help guide our next generation so they will do even better than our greatest expectations.

Doña Margarita Chavez

Señora Chavez has long been known for her delicious cooking, endless energy, and deep love for her family. Senator Campos recently visited with her and was reminded of her encouragement to others when she reached for his hand.

Doña Esther Moncayo

Señora Moncayo and Senator Campos (as a child) traveled by bus to visit one of her sons in San Diego, California. Senator Campos remembers how well Señora Moncayo took care of him on the trip (just like a mother) and encouraged him to do his best in life.

Tio Adolph Serrano

Tio Adolph Serrano has been an inspiration to Senator Campos. He has unselfishly contributed his time and expertise to better life for everyone in Santa Rosa. Senator Campos will never forget all the advice his great uncle has given him. Because of his experience, my life has been made better, Senator Campos said.

Primo Leroy Gallegos

Primo Leroy Gallegos never hesitates to lend a helping hand. Recently, Mr. Gallegos showed Senator Campos where the warm water fish hatchery, rearing station, and educational center could be located. Senator Campos has always depended on the first-hand experience and knowledge in fisheries that his primo willingly shares.
